ZII will be holding our next class **February 20 - 22, 2024**

Our school has been approved by the NRMCA for inclusion in their STEPS program, and is designed to give each attendee the tools needed to be successful in a changing world. This course includes a comprehensive training manual and hands-on opportunities in all aspects of volumetric concrete production. Owners and operators have profited from our school, as well as DOT officials from across the country. Q & A times are a vital part of each session, ensuring that real, practical issues are addressed. Lodging for 2 nights, as well as breakfast and lunch for 3 days are included in the price.
